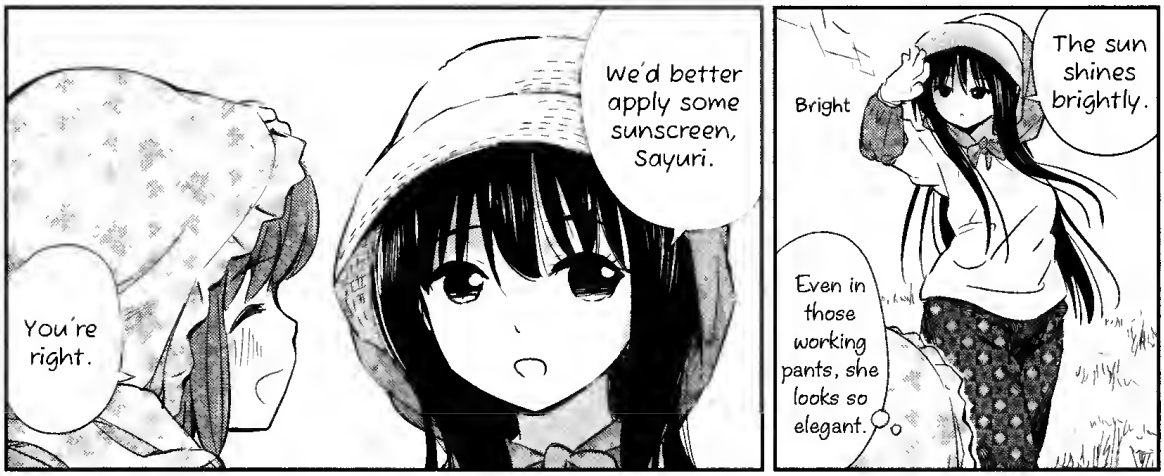
I am Sayuri, a full-time farmer.
ゆりめく018
Here is Yoriko-senpai, who is working with me.
For a lady from such a well-off family, it's rare she does farming.



The sun shines brightly.
Bright
Even in those working pants, she looks so elegant.
We'd better apply some sunscreen, Sayuri.
You're right.

Would you mind applying it to my back, then?
It's like we're on a beach in ever-lasting summer.

I just can't...
Geez, Sayuri, you have to get used to bugs.

Thump
Kyah, a huge caterpillar!

Crawl
As a farmer, it is fatal if you can't stand bugs.
Senpai, you're too used to them...

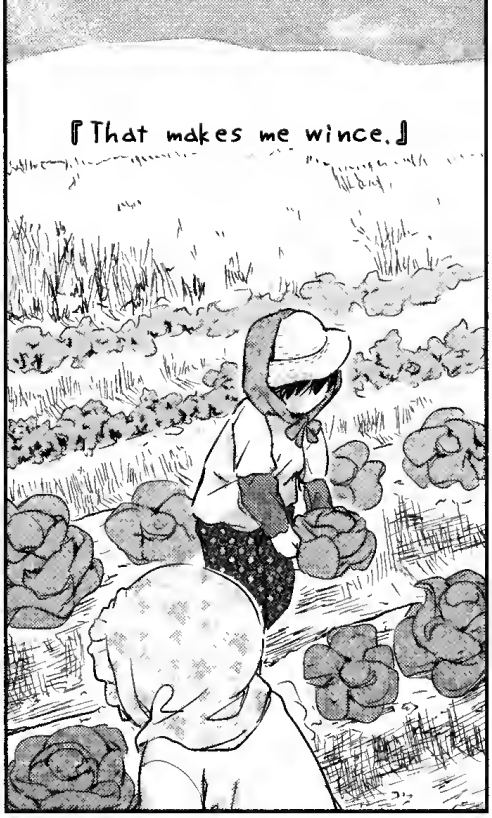
Oh no!
The caterpillar I threw...

You're like some granny, Sayuri.
Stretch
トン トン
Ah... My back hurts.
But...



『That makes me wince.』

I do have poultice. Need it?
Yes, please, thank you very much.

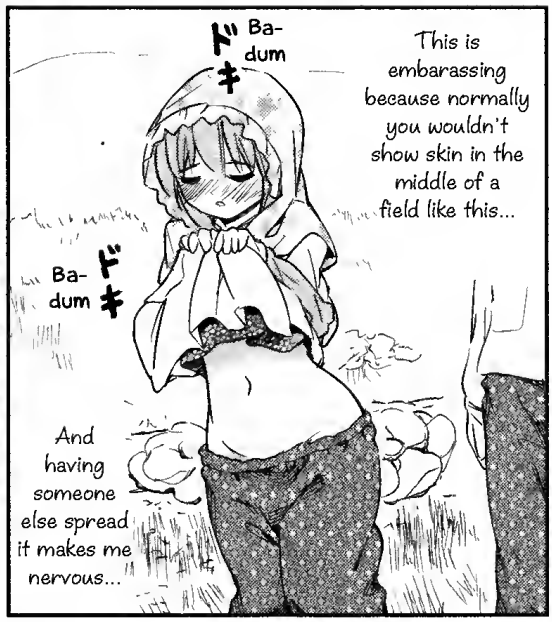
You don't spread it by slapping!

Show me your back, then.
Eeeh!! I'll spread it myself.
Just show it.
Yes...



ドキ Ba-dum
This is embarassing because normally you wouldn't show skin in the middle of a field like this...
ドキ Ba-dum
And having someone else spread it makes me nervous...

I like how empty it is here in the fields.
In-deed.

『What a wonderful way...』
It's about time we had lunch.
Yes.

They're so creepy!
Calm down, Sayuri.
Eeeek, they are following me!

Kyaah!
Look at the mosquitos above your head. Really makes it feel that we are in the hands of nature.
How Serene.

See, it's okay now.
Senpai... She took them to herself for my sake...

Sayuri!
!!

『It's like an egg.』
This watermelon grew quite large.
It did.
Even though at first, it was thumb-size.
Aah
It makes me happy that it grew up without problems.
I know the feeling.
The plants we grow are a bit like...
...our children.
A watermelon this big would tear me apart!
Figuratively speaking, you know, figuratively!

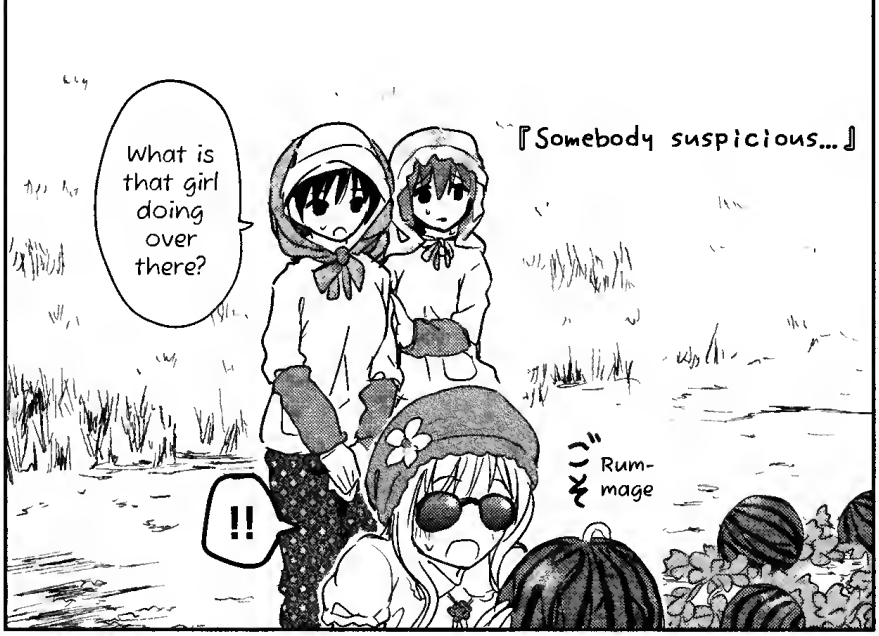
!?



『Somebody suspicious...』
What is that girl doing over there?

Senpai, it's dangerous, so let's leave the rest to the police!
No!

Stop right there!
Senpai! It's a vegetable thief!

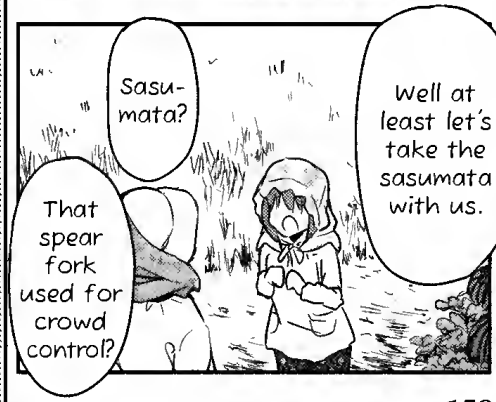
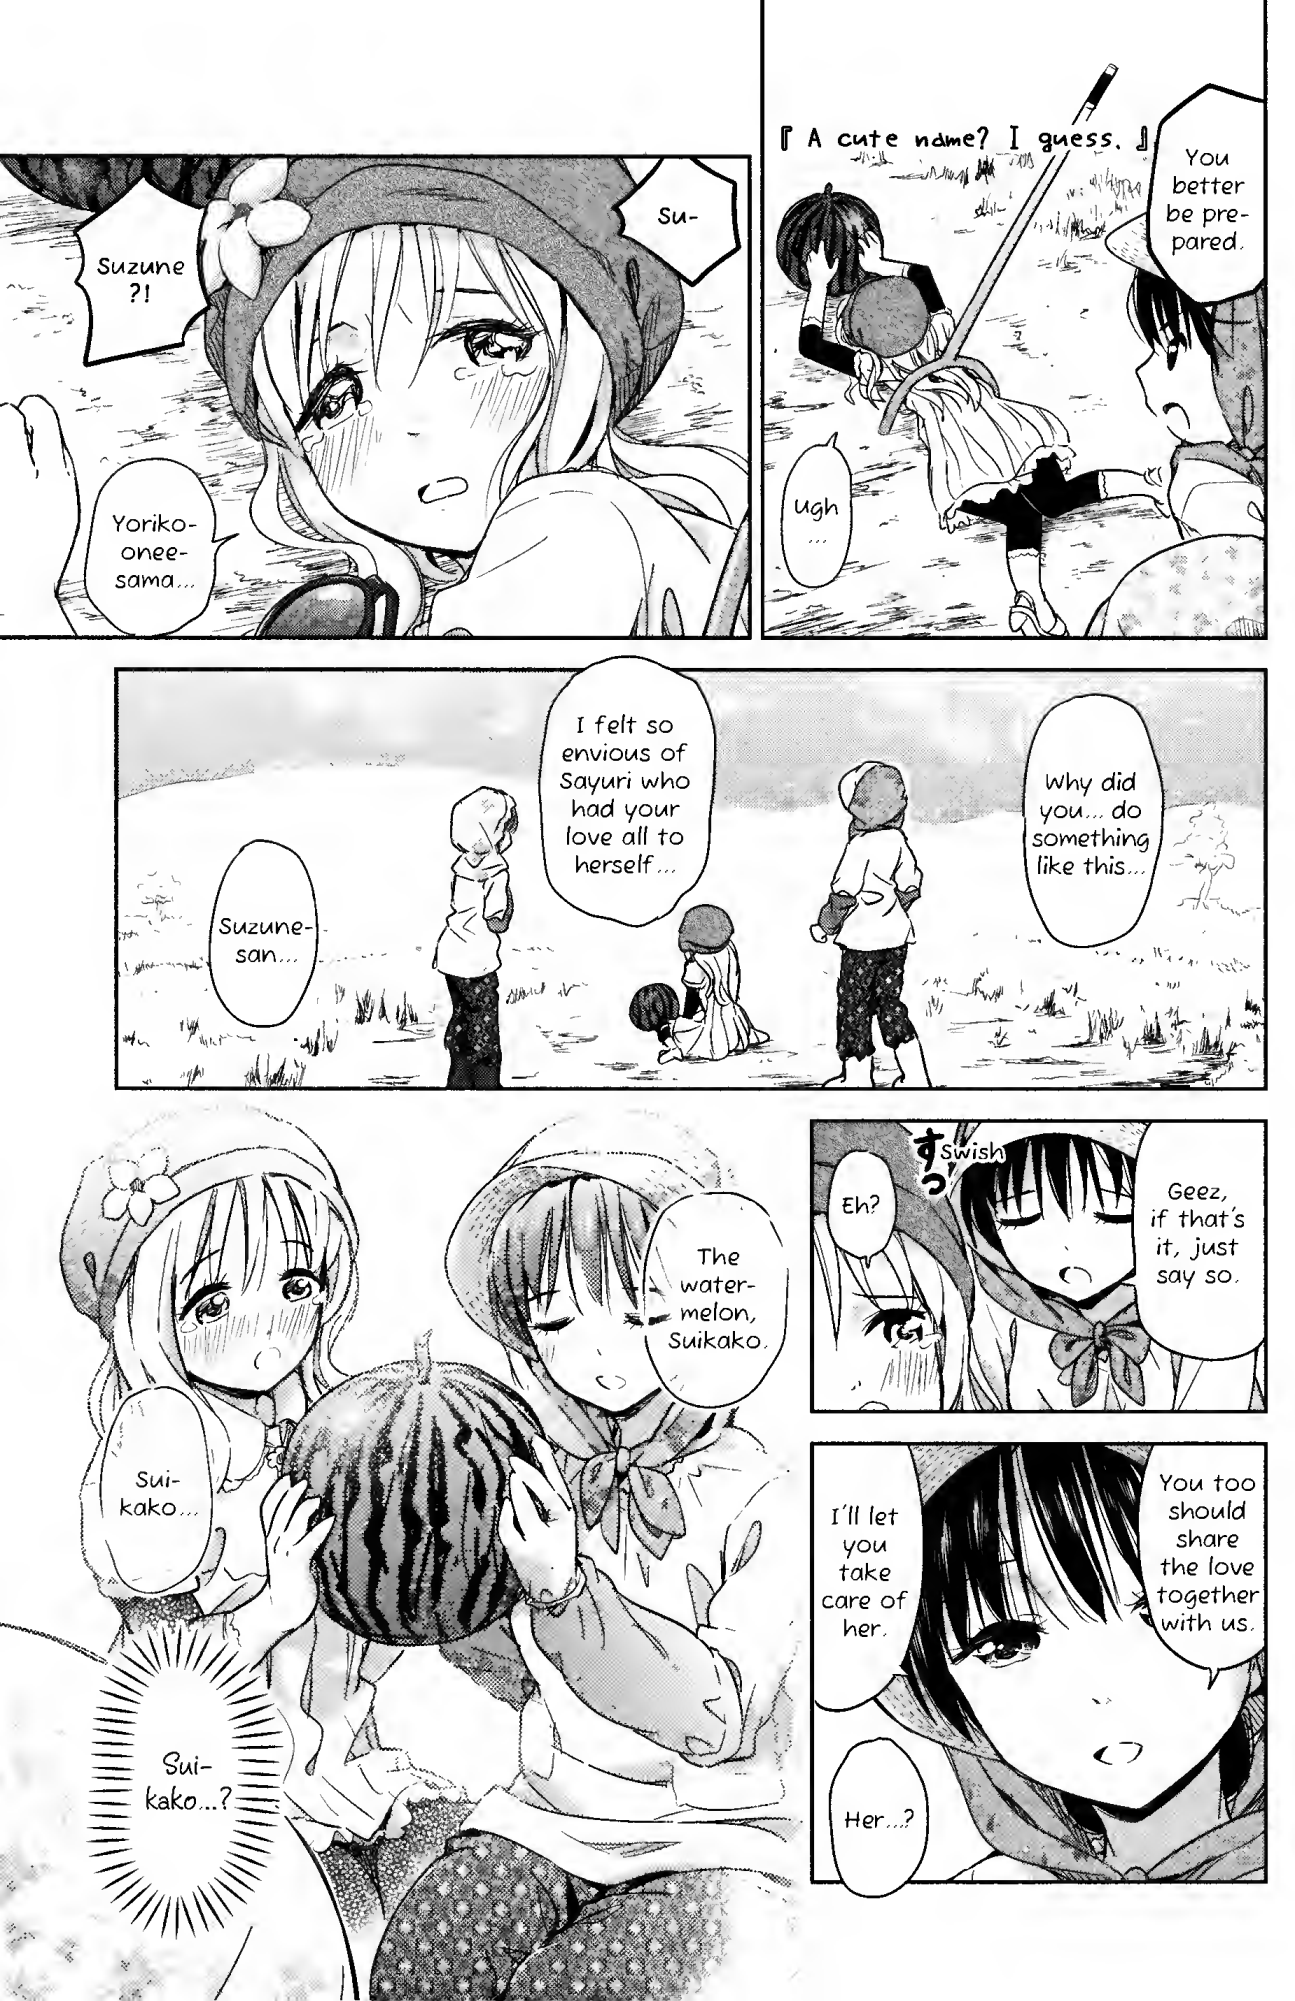
You mean this.
You're going to kill her with that!

That watermelon is our child... I will take it back.
Senpai...



Well at least let's take the sasumata with us.
Sasumata?
That spear fork used for crowd control?



『A cute name? I guess.』
You better be prepared.
Ugh...
Su-
Suzune?!
Yoriko-oneesama...
I felt so envious of Sayuri who had your love all to herself...
Why did you... do something like this...
Suzune-san...
Swish
すっ
Eh?
Geez, if that's it, just say so.
The watermelon, Suikako.
Suikako...
Suikako...?
You too should share the love together with us.
I'll let you take care of her.
Her...?
